

Mini-book Instructions

1

Fold in half long ways

2

Unfold and then fold in half the other way

3

Unfold and then fold the two edges in to meet on the crease line down the middle of the page

4

Unfold so you have a page with creased lines on it like this

5

Now fold in half short ways again. Cut along the central line so that the middle two quarters have a slit in them.

6

Unfold and refold long ways again and push the two ends towards each other so that it forms a book shape
